Mud Control in the Fields of the Iraq Petroleum and Associated Companies. A. W. Paxton 2

The Evaluation of Engine Lubricating Oils. N. Kendall 26

Emulsions of Seawater in Admiralty Fuel Oil. W. Killner 51

Methods of Atomizing Liquid Fuels. J. R. Joyce 57

Rheological Properties of Residual Fuel Oils. G. C. Ackroyd and C. M. Cawley . 82

The Solubility of Gases in Lubricating Oils and Fuels. R. R. Baldwin and S. G. Daniel 105

Distribution of Petroleum in the U.K.—The Changing Pattern. T. W. Mathias . 125

Acid Treatment of Shale Gasoline. Part II. Some Treatment Reactions. G. E. Mapstone, J. S. Durham, W. J. Hogan, B. Nartsissov, G. Nottes, and J. Szewczyk 153

Special General Meeting 182

Obituary: **Prof. J. S. S. Brame, C.B.E.** 183

Sulphur Compounds in Petroleum. S. F. Birch 185

Preparation and Properties of Dialkyl Di- and Poly-Sulphides. S. F. Birch, T. V. Cullum, and R. H. Dean 206

The Isomeric Thiophthens and their Ethyl Homologues. F. Challenger and B. Fishwick 220

The New Standard Method for the Measurement of Viscosity 237

Application of Paper Partition Chromatography to Petroleum Analysis. E. Mariani 240

Liquefied Petroleum Gases :

Production. E. S. Squire 243

Distribution. S. Shaw 247

Utilization. T. H. Taylor 250

The Structure of Lubricating Greases and its Control. J. B. Matthews . . 265

Influence of Naphthalene on Octane Ratings. G. E. Mapstone and J. S. Durham 276

The Metallic Elements in Residual Fuel Oils. F. H. Garner, S. J. Green, F. D. Harper, and R. E. Pegg 278

Stability of Fuel Oil–Gas Oil Blends. D. G. Butlin. 294

Methods of Hydrocarbon Type Analysis. H. C. Rampton 305

Geophysics—Its Problems and Trends. D. T. Germain-Jones 335

Studies in Shale Oil. Part VII. Some Miscellaneous Studies. G. E. Mapstone . 354

Fortieth Annual General Meeting 381

Entry into Oil Operations in Western Canada. C. S. Lee and R. O. Young . 383

Symposium on Examination of Used Lubricating Oils :

The Deterioration in Use of I.C. Engine Crankcase Oils. J. B. Matthews . 430

The Size Distribution and Colloidal Behaviour of the Insoluble Particles in Used I.C. Engine Crankcase Oils. H. C. Evans and J. B. Matthews . . 441

The Role of Oxidation in the Deterioration in Use of I.C. Engine Crankcase Oils. J. H. T. Brook, J. B. Matthews, and R. P. Taylor 454

The Kinetic Study of Deterioration in Use of I.C. Engine Crankcase Oils. J. Hughes and J. B. Matthews 463

The Polarograph in the Determination of Lead in Gasoline Engine Fuel, Lubricants, and Deposits. B. W. Swanson and P. H. Daniels 487

Symposium on Engine Testing of Lubricating Oils :

Some Aspects Involved in the Evaluation of Engine Lubricating Oils. N. Kendall *et al.* 501

Lubricating Oil Requirements for Passenger Transport and Long-distance Haulage. A. T. Wilford 538

Military Requirements for Lubricating Oils for C.I. Engines. D. I. Baddeley, R. W. Eggleston, R. W. Long, and A. Watson 546

Notes on Heavy Duty Oils—Some Experiences of a Diesel Engine Manufacturer. D. M. Pearce 553

A Short Duration Lubricating Oil Test on a Multi-cylinder C.I. Engine. A. Fogg and C. R. Oliver 559

The Caterpillar L.1 and Chevrolet L.4 Test Procedures. J. C. Cree. . . . 571

Use of the Petter AV1 Diesel Engine for Testing Additive Treated Oils. A. Towle and P. E. B. Vaile 581

The Evaluation of H.D. Oils by Means of Small Petrol Engines. G. H. J. Simmons 623

The Testing of I.C. Engine Lubricating Oils by the BLOGRO Engine under Spark and Compression Ignition Conditions. R. J. S. Perry 632

The Development of an Inexpensive Engine Test for Examining the Bearing Corrosion and Detergency Aspects of Additive Lubricating Oils. C. O. R. Bell 638

Detergency of Carbon Black. Part VI. F. H. Garner, C. W. Nutt, and M. F. Mohtadi 677

Molecular Distillation Apparatus with Great Separating Power. W. G. Aldershoff, H. Booy, S. L. Langedijk, G. Th. Philippi, and H. I. Waterman . . . 688

Investigation of the Sulphur Compounds Present in Middle Distillate SO_2-Extracts. R. Emmott 695

Alkylnaphthalenes. Part IX. R. F. Evans and J. C. Smith 716

Annual Report 720

Obituary : **H. W. Barnes** 741

The Lubrication of Ball and Roller Bearings at High Speed. A. Fogg and J. S. Webber 743

The Present Status of the Art of Cracking Petroleum Fractions. W. C. Dickerman, Jr. 765

Mechanical Handling in the Petroleum Industry. E. A. Reynolds and V. F. H. Samson 795

The Exercise of Control of Flowing Wells and of Input to Gas Lift Installations by Means of a Differential Flow Control Valve. L. R. de Verteuil . . 819

Conversion of Kinematic Viscosity (centistokes) to Redwood No. 1 Seconds . 846

A Note on the Modified Gray–King Assay of Oil Shale. Geo. E. Mapstone . 848
